Number Order Puzzle Christmas

© 2016 All right reserved

<https://worksheets4kids.org/>

Small Smaller Smallest

Cut out Christmas cards and then ask your child to put them in order from small to big.

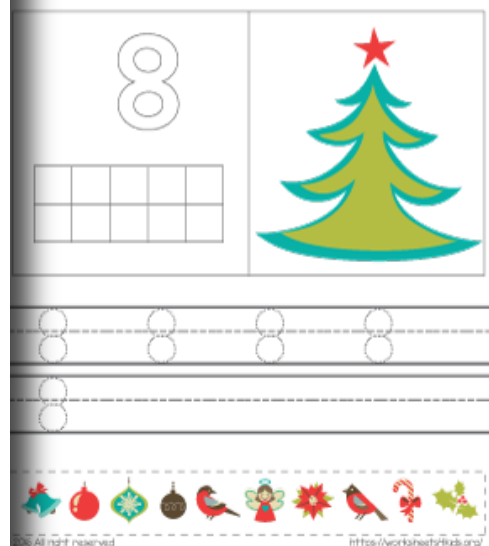

© 2016 All right reserved

<https://worksheets4kids.org/>

Christmas Numbers

Using playdough make an outline of the number (you can decorate it on top too), then color the same number of boxes under the number. Have your child practice tracing and writing the number. Cut out Christmas elements at the bottom of the page and glue the corresponding number on the Xmas tree.

FREQUENTLY ASKED QUESTIONS

What Can Resources be Used for?

All resources on our website are for non-commercial, personal, classroom use only. By using our material you agree that you will not copy or reproduce the file you have downloaded.

Can I Print Resource for all Students ?

Yes, you can print as many copies of our resources as you need for all students in your class.

Can I Print Resource for Homework?

Yes, you can print as many copies as you need for your student's homework.

Can I Share Printed Material?

No, you can not share printed resource with other teachers. You can provide a link to the resource you would like to share (not to direct pdf file) with other teachers and they can download and print as many copies as they need for their classrooms as well.

Can I Upload Resource to my Site?

No, you can not upload our resources to your site. You can provide a link to the resource you would like to share on your website and use one image from that post.

Can I Modify Resources?

No, you can not modify any part of the material you downloaded from our website, including images, text, and trademarks.

I can not print the worksheet, What Can I Do?

Here are a couple tips that will help you to solve this problem:

Make sure that all relevant software is up-to-date. Check your internet browser, PDF Viewer and printer drivers. There may be an issue with your printer and your PDF viewer.

Mistake?

We attempt to make all resources as accurate and up to date as possible. But of course like everyone we sometimes make mistakes! If you have noticed a mistake, please contact us and provide the link to the resource. We will make correction as soon as possible.

Thank you for bringing this to our attention.

Please contact us any time at support@worksheets4kids.org

ONLINE PURCHASE

How Can I Pay for the Resources?

Payments can be made by PayPal. All prices are in US dollars and you are responsible for all costs of currency conversion relating to your transactions. Your financial institution does the currency conversion and may charge you additional fees (we don't control either the conversion rates or your financial institution's fees).

I Notice Additional Fees in my Invoice.

Transactions may also be subject to the tax that may be added to the price (like sales tax, VAT, or GST).

Can I Get a Refund?

Due to digital nature of the service and resources, all sales are final, and no refunds are available. Please see our Terms of Service for more details.

TERMS OF USE

This license shall automatically terminate if you violate any restrictions and may be terminated by Worksheets4Kids.org at any time. Upon terminating your viewing of these materials or upon the termination of this license, you must destroy any downloaded materials in your possession whether in electronic or printed format.

Worksheets4Kids.org may make changes to the resources at any time without notice. Worksheets4Kids.org does not, however, make any commitment to update the materials.
